

Sophisticated & Specialized Computing – help you tune your IT investment

Compute | More With Less

Unrivalled breadth and depth of intelligent solutions tailored to your compute-on-demand needs.

Reliable, Accessible & Serviceable (RAS) featured solutions.

Advanced virtualization across network, servers and storage.

Lower TCO to help reduce financial risk.

Cloud ready Solutions.

Today, various applications requires categorized compute power for data processing which is carried out by servers of various compute architectures based on CISC, RISC and EPIC CPU's.

We have the expertise to help your business implement the best, most cost-effective server solutions. With our powerful skills in virtualization, your business fully benefits.

Tech9labs offers computing solutions for various requirements based on Tower, Rack and/or Blade technologies

- Standalone Servers for hosting applications.
- Consolidation and Virtualization of Compute resources
- High Performance Computing

Tech9labs fully involves in various activities for best and optimized solutions like

- Assessment Services
- Systems Design
- Systems Management
- Consolidation and Optimization
- High Availability
- Maintenance

Tech9labs can tackle your Compute demands in ways that are scalable, cost effective, secure and resilient.

The goal is to provide open, vendor-neutral solutions that fit your technology profile - and address short and long term business objectives.

Tech9labs helps businesses identify, evaluate and implement the best servers solutions for their needs, infrastructure and budget. We provide support and maintenance through the lifespan of the equipment.

ABOUT INTEGRATED TECH9 LABS PVT. LTD.

Tech9Labs defines, designs and delivers technology-enabled business solutions that would help provide efficient & cost effective solutions to complex information management requirements through innovative application of the latest in technology.

From conception to completion, Tech9labs unifies your IT infrastructure, protects it and maximizes your business' performance. With over support of 60 professionals PAN India, we are committed to your goals while holding ourselves to the highest standards.
